

Intro to New Media

Here is where you should be with your website. If you are not, please, today, address as needed.

Website Basics:

- Avatar
- Bio
- Tagline
- Proper website title
- Unique hashtag for your site used on all social media accounts
- Social media icons (Twitter & Facebook) on your page.
- A clearly labeled menu
- A link to our course homepage on your menu
- Proper colors and easily readable fonts

Social Media Tasks:

- 11 days of tweets
- 1 proper Facebook post promoting an article on your site.

Pages:

- An About Me page that reflects a thorough understanding of a proper About Me page
- A Facebook post analysis write-up that reflects a thorough understanding of a proper Facebook post
- Question / Answer page
- Review of a product or service
- 2 An article of your own choice
- An article you composed that focuses on analysis related to something about your website topic. This article should address all the requirements of this assignment I posted on our course website.
- An article that shares your thoughts about an event that relates to your website topic.
- Top 10 interesting facts related to your website topic – promoted on Twitter and Facebook.

Other:

- Questions posed to you on your site have been answered
